Why Türkiye?

Türkiye is not just an investment — it is a transformation. For discerning investors from emerging markets seeking stability, growth, and a second homeland, Türkiye offers an unmatched proposition: full citizenship through real estate investment, permanent national rights, and a strategic foothold between East and West.

The Türkiye Advantage Elsewhere, you buy permission to stay. In Türkiye, you buy a home — and you become a citizen.

A Passport That Opens Doors

Unlike temporary residency programs that keep you forever dependent on visa renewals, Türkiye offers direct citizenship by investment. This means:

- A Turkish passport with visa-free or visa-on-arrival access to 110+ countries
- Lifetime citizenship — yours and your family's, forever
- The dignity of true belonging, not perpetual guest status
- Dual citizenship flexibility (subject to your home country's regulations)

Real Estate That Works For You

Türkiye's property market is experiencing a historic convergence of drivers:

- Population Growth: A young, dynamic population of 85 million fueling housing demand
- Tourism Powerhouse: 50+ million annual visitors creating massive short-term rental demand
- Infrastructure Revolution: New airports, bridges, metro systems, and medical cities increasing land value
- Urban Transformation: Government-backed renewal projects modernizing city centers
- Currency Advantage: Your capital goes significantly further here than in European or Gulf markets

> **The result?** The result? Properties in Istanbul, Antalya, Ankara, Bursa, and Izmir have demonstrated consistent double-digit appreciation over the past decade — while generating immediate rental yields of 5–8% annually.

A Strategic Command Center for Your Business

Türkiye sits at the intersection of Europe, Asia, and the Middle East. For entrepreneurs and business families, this means:

- Access to 1.5 billion consumers within a 4-hour flight radius
- Modern banking infrastructure with seamless international wire capabilities

- Free Trade Agreements with 22+ countries
- A thriving manufacturing, technology, and services ecosystem
- Government incentives for foreign investors, including tax advantages and citizenship fast-tracking

A Future for Your Children

This is the investment emerging market families understand best: intergenerational security.

- World-class education: International schools, English-medium universities, and medical faculties recognized globally
- Healthcare parity: State-of-the-art hospitals and universal health coverage as a citizen
- Cultural resonance: A society that honors family values, hospitality, and tradition — while embracing modernity
- No inheritance barriers: Your children inherit full citizenship and property rights automatically

The Türkiye Advantage: A Clear Comparison

What You Receive	Türkiye	Typical Residency Programs
Citizenship Pathway	Immediate & Guaranteed	Limited or Nonexistent
Passport Issuance	Full National Passport	Mostly Not Available
Family Inclusion	Spouse, Children, Parents	Restricted or Expensive
Property Ownership	Freehold with Full Deed	Leasehold or Conditional
Rental Income Potential	Strong Yield + Appreciation	Moderate, Often Taxed Heavily
Long-Term Settlement	Permanent National Rights	Visa-Dependent, Renewable
Public Services Access	Full (Health, Education, Pension)	Partial or Pay-Per-Use
Exit Strategy	Resale After 3 Years	Often Tied to Visa Status

The Investment Pathway

Six Phases from First Conversation to Passport in Hand

1. Discovery & Strategy

We begin with your goals. Are you seeking pure ROI through high-yield rental properties? Citizenship optimization through qualifying investments? A family relocation with education and lifestyle priorities? Or a hybrid portfolio balancing Istanbul growth with coastal tourism income? Our analysts present market data, area comparisons, and financial projections tailored to your capital deployment.

2. Property Selection & Verification

We curate pre-vetted properties with title deed clearance confirmed, developer track record verified, citizenship eligibility certified (minimum $400,000 USD investment), rental potential assessed by local market experts, and physical inspection arranged (in-person or virtual).

3. Legal & Financial Infrastructure

We handle every administrative detail: tax number acquisition, bank account opening (residential and commercial), currency exchange optimization, power of attorney drafting (if you prefer remote execution), and contract review by independent Turkish legal counsel.

4. Acquisition & Citizenship Filing

Property registration at the Land Registry (Tapu), citizenship application compilation and submission, government liaison and follow-up, biometric appointment scheduling, and passport collection coordination.

5. After-Sales Wealth Management

Your relationship with Avrasya Properties Group does not end at closing: property management and tenant placement, rental collection and repatriation advisory, resale strategy and market timing analysis, portfolio expansion planning, and second-generation citizenship documentation.

A-to-Z Services

We Handle Everything. You Focus on Your Future.

At Avrasya Properties Group, our service ecosystem covers every touchpoint of your investment and citizenship journey — from your first question to your family's lifelong security in Türkiye. You never navigate bureaucracy alone.

Phase 1: Pre-Investment Advisory

Strategic Consultation & Goal Mapping

- One-on-one discovery sessions to understand your family size, capital, timeline, and long-term objectives
- Risk tolerance assessment and investment horizon planning
- Citizenship vs. pure-ROI strategy formulation
- Multi-generational wealth structuring advice

Market Intelligence & Property Curation

- Real-time market analysis across Istanbul, Antalya, Ankara, Bursa, and Izmir
- ROI modeling with conservative, moderate, and optimistic scenarios
- Neighborhood deep-dives: infrastructure projects, rental demand, future appreciation triggers
- Off-market and pre-launch developer access (exclusive inventory not publicly listed)
- Virtual property tours with live Q&A
- Comparative valuation reports (similar units, recent sales, rental comps)

Financial Architecture Planning

- Capital deployment strategy (single asset vs. portfolio approach)
- Currency exchange timing advisory (USD/TRY entry optimization)
- Mortgage facilitation for eligible investors
- Tax implication briefing (both Turkish and your home jurisdiction)
- Repatriation roadmap for future rental income and resale proceeds

Phase 2: Legal & Administrative Foundation

Documentation & Registration

- Turkish Tax Number (Vergi Numarası) acquisition
- Bank account opening: both resident TRY accounts and foreign currency (USD/EUR) accounts

- Power of Attorney (Vekâletname) drafting and notarization
- Translation of all your home-country documents into Turkish by sworn translators
- Notarization and apostille coordination where required

Legal Due Diligence

- Independent title deed (Tapu) verification at the Land Registry
- Encumbrance and lien checks on selected properties
- Developer license and project approval validation
- Contract review by Turkish Bar-registered attorneys
- Negotiation support with developers and private sellers
- Escrow and payment structuring to protect your capital

Phase 3: Property Acquisition

Transaction Execution

- Purchase agreement drafting and bilingual explanation
- Deposit and installment scheduling aligned with construction milestones
- Final payment coordination and receipt verification
- Title deed (Tapu) transfer at the Land Registry with official witness
- Property valuation report procurement (required for citizenship eligibility)
- Title deed annotation for citizenship commitment (3-year hold restriction)
- DASK (mandatory earthquake insurance) and comprehensive property insurance setup

Citizenship-by-Investment Compliance

- Eligibility confirmation: ensuring the property meets the current $400,000 USD minimum
- Government valuation report coordination (by licensed appraisal firms)
- Investment confirmation certificate from the Banking Regulation and Supervision Agency (BDDK)
- Ministry of Environment, Urbanization and Climate Change application filing

Phase 4: Residence & Citizenship Processing

Residence Permit Support

- Short-term residence permit application (required before citizenship biometrics)
- Health insurance procurement meeting Immigration Directorate standards
- Appointment scheduling at Provincial Immigration Administration
- Document compilation and submission tracking
- Follow-up and issue resolution

Citizenship Application Management

- Complete dossier preparation: forms, photos, translations, financial proofs
- Population Directorate (Nüfus Müdürlüğü) application submission
- Background check liaison with Turkish security authorities
- Biometric appointment scheduling (we coordinate your single required visit)
- Application status tracking with weekly updates to you
- Passport collection and secure international courier delivery

Family Inclusion Services

- Spouse citizenship file preparation and submission
- Dependent children (under 18) documentation and filing
- Adult child and dependent parent advisory (where eligible under extended provisions)
- Family reunification residence permits for non-citizen dependents

Phase 5: Post-Acquisition & Wealth Management

Property Management

- Tenant sourcing, screening, and lease agreement execution
- Rent collection and monthly financial reporting
- Property maintenance coordination (plumbing, electrical, HVAC, cleaning)
- Annual tax filing for rental income (Turkish tax compliance)
- Utility bill management and payment

Rental & Hospitality Optimization

- Short-term rental setup (Airbnb, Booking.com, local platforms)
- Interior design and furnishing advisory for tourism yield maximization
- Professional photography and listing management
- Dynamic pricing strategy based on seasonality and events
- Cleaning and concierge service partnerships

Resale & Exit Strategy

- Market timing advisory: when to sell for maximum appreciation
- Property valuation updates and comparable market analysis
- Buyer sourcing through our international investor network
- Negotiation and closing support
- Capital gains tax optimization and repatriation execution

Portfolio Expansion

- Second and third property acquisition planning

- Diversification across asset classes (residential, commercial, land, tourism)
- Cross-city portfolio balancing (Istanbul growth + Antalya yield)
- Reinvestment of rental proceeds into new qualifying assets

Phase 6: Long-Term Family Security

Intergenerational Planning

- Inheritance structuring under Turkish civil law
- Will and testament drafting in compliance with both Turkish and your home-country frameworks
- Second-generation citizenship documentation (children born after your naturalization)
- Property title transfer to heirs with minimal friction
- Trust and holding company advisory for large portfolios

Continuous Legal & Tax Advisory

- Annual tax return preparation for rental income
- Double-taxation treaty benefit optimization
- Wealth tax and property tax management
- Legal representation in tenant disputes or contractual matters
- Regulatory change monitoring (citizenship thresholds, tax rules, foreign ownership laws)

Ongoing Concierge & Lifestyle Support

- School enrollment assistance for children (international and Turkish-medium)
- Healthcare system orientation and private hospital partnerships
- Driver’s license conversion and vehicle purchase advisory
- Business establishment support for entrepreneur clients
- Annual tax and legal compliance reminders
- 24/7 emergency support line while in Türkiye

Addressing Your Concerns

Honest Answers to the Questions That Matter Most

“Will my investment be safe?”

Türkiye’s property registry system is centralized, digitized, and transparent. Your title deed (Tapu) is government-issued and internationally recognized. We ensure full legal due diligence before you transfer a single dollar. Every property is independently verified at the Land Registry, every developer license is validated, and every contract is reviewed by Turkish Bar-registered attorneys.

“Can I manage everything from abroad?”

Absolutely. Through notarized Power of Attorney, we can execute the entire purchase, registration, and citizenship process on your behalf. You only need to visit once — for biometrics and passport collection. Many clients complete 95% of the process remotely, never setting foot in Türkiye until their citizenship is confirmed.

“What about my parents and children?”

Turkish citizenship by investment includes your spouse and all dependent children under 18. In many cases, dependent parents can also be included through additional documentation. This is a family solution, not an individual transaction. Your children inherit citizenship automatically, and property passes to heirs under clear Turkish civil law provisions.

“Is dual citizenship allowed?”

Türkiye permits dual citizenship. Your home country’s regulations determine whether you must declare or renounce. We provide advisory coordination with legal experts familiar with both jurisdictions — so you never face surprises.

“How do I receive rental income back home?”

Türkiye has liberal foreign exchange laws. Rental income can be converted to USD/EUR and wired to your home account seamlessly. We assist with tax optimization and banking relationships to ensure frictionless capital movement.

“Do I need to learn Turkish?”

No. We provide bilingual service throughout your journey. Business and daily life function smoothly in English in major cities. Istanbul, Antalya, and Ankara have thriving international communities where English is widely spoken in professional, medical, and educational contexts.

“What is the minimum investment?”

$400,000 USD in qualifying real estate. This is the current threshold set by the Turkish government for citizenship eligibility. We recommend verifying the current threshold with our consultants, as regulations may evolve. This is not an expense — it is an asset that appreciates while securing your family’s future.

Why Avrasya Properties Group

Five Trust Pillars That Define Every Client Relationship

Transparency

No hidden commissions. No inflated developer markups. We disclose every fee, every relationship, and every incentive. You deserve to know exactly what you are paying for.

End-to-End Accountability

From your first inquiry to your passport stamp — and beyond — one dedicated consultant owns your file. No handoffs. No confusion. One person, fully accountable.

Cultural Fluency

Our team includes professionals who speak your language, understand your family dynamics, and respect your decision-making processes. We bridge cultural gaps so you feel at home before you even arrive.

Legal Rigor

We partner exclusively with Turkish law firms registered with the Ankara Bar Association. Every contract is reviewed, every title deed is verified, every citizenship file is prepared to withstand scrutiny.

Lifetime Partnership We measure our success by the number of clients who return to buy their second, third, and fourth properties. That only happens when the first investment exceeds expectations. We don’t close files. We manage families across decades.

Your Next Step

Begin Your Journey with a Complimentary Private Consultation

The Turkish Citizenship by Investment Program has already attracted thousands of international families. The most desirable properties in prime districts are finite. Early movers secure the best locations, the strongest developers, and the fastest citizenship timelines.

We Invite You to a Private Consultation During this complimentary, no-obligation session, we will: (1) Assess your investment capacity and family requirements; (2) Present 3–5 curated property options matching your profile; (3) Provide a detailed citizenship timeline and cost breakdown; (4) Answer every question — financial, legal, cultural, and logistical.
